ArtisTree TAIKOO PLACE

**ArtisTree Selects: Theatre Bites** is a first-of-its-kind international collaboration. Beginning in Autumn 2017, we began mapping out and cultivating ideas for this inaugural festival. From the outset, it was of the utmost importance to create a selection of work that speaks to a new generation of theatre-goers and to the issues facing us as global citizens today. Through *ArtisTree Selects: Theatre Bites*, we hope that we can use the arts to entertain, educate and impact an audience and begin a dialogue. The unique pieces of theatre that you will see address topics ranging from gender and sexuality to love and relationships, and the environment.

Artistic Directors - **Lindsey McAlister and Brian Zeilinger**

### About *ArtisTree Selects*

*ArtisTree Selects* is a series of specially commissioned and curated programmes featuring unique productions by both local and international artists. It launches this summer with *Theatre Bites* and dance festival *Moving Pieces*. In addition to world-class performances, dedicated talks and open rehearsals will also take place to enhance audience experience.

# IF NOT ME, WHO?

*If Not Me, Who?* is an urgent piece of eco-theatre that looks at the effects of climate disruption and how we can be motivated to change our way of life. Come and celebrate with Mother Nature, and take an emotional roller coaster ride that explores veganism, fast fashion, first world problems and the catastrophic environmental changes we are already experiencing.

Written and directed by Lindsey McAlister, Founder of Hong Kong Youth Arts Foundation, and featuring original music by Violaine Corradi – best known for her work with Cirque du Soleil – this new conceptual musical is performed by a cast of professional Hong Kong-based artists.
